

HEAGY ADVANCED TO HEAD OF BANK

Central Trust Directors Elect Second Officer to Vacancy Caused by Casteel Death.

TWO OTHER CHANGES ARE MADE

H. H. Cleveland and C. J. Larkin Chosen Vice Presidents—New Executive Popular.

Morris S. Heagy was elected president of the Central Trust & Savings bank at a meeting of the board of directors held yesterday afternoon. He succeeds H. E. Casteel, who died Nov. 5. Other officers elected were:

Vice presidents—H. H. Cleveland and C. J. Larkin.
Cashier—H. B. Simmon.
Assistant cashier—Lowry M. Casteel.

Heretofore the bank has had three vice presidents. They were Mr. Heagy, W. A. Rosenfield and Hugh E. Curtis. At the meeting of the directors yesterday it was decided to elect only two.

Mr. Heagy has been connected with the bank for the past seven years, beginning in a minor clerical capacity. Three years later he was made assistant cashier and at the time of the consolidation of the Rock Island National and the Central Trust & Savings bank he was a vice president of both institutions. Mr. Heagy is one of the most popular men in Rock Island and in every way capable of filling the responsible position to which he has been elevated.

Before removing from the old quarters at Second avenue and Eighteenth street to the present building at Third avenue and Eighteenth street, the two banks were united into the Central Trust & Savings bank.

Cashiers Are Re-elected.

Mr. Cleveland and Mr. Larkin have been directors of the bank for a long time, although they are new officers. Mr. Simmon is re-elected to the office of cashier, and Mr. Casteel, who is a son of the former president of the bank, has occupied the office of assistant cashier, to which he was elected yesterday, for several years.

POLICE RAID HOUSE TWO TIMES IN WEEK

For the second time within a week an alleged disorderly house at 117 Sixteenth street was raided by the police last night. Eight persons were arrested. Officers Kinsley and Collins conducted the raid.

Mrs. Jessie Lee was taken as the keeper. She was fined \$15 and costs. Seven inmates, three women and four men, were assessed \$5 and costs. They gave the names of Nellie Mack, Minnie Martin, Sadie Brown, Fred Jacobs, Charles Davis, Will Sawyer and John Smith.

When the place was raided last week the keeper was not apprehended.

Goodbye Curling Iron! Better Method Found

Don't burn the life out of your hair with that instrument of torture, the curling iron. There is nothing that will so surely dry out and break off the hair, giving it that ragged, unkempt appearance.

You will be glad to learn that you can keep your hair beautifully wavy and curly by using a perfectly harmless, liquid known to druggists as "almondine." You need only apply a little with a clean tooth brush before retiring and in the morning you will be most agreeably surprised with the effect. And this effort lasts for a considerable time, so a small bottle goes a long way and is quite economical to use. Pure almondine is really beneficial to the hair and there is no greasiness, stickiness or anything unpleasant about it. It is a good idea to divide the hair into strands and moisten these one at a time, drawing the brush down the full length.

IS ELECTED CHIEF OF CENTRAL TRUST

Morris S. Heagy.

MONROE DOCTRINE AS DEBATE TOPIC

Abandonment of Law as Part of Foreign Policy Favored for Discussion By Schools.

Abandonment of the Monroe doctrine as a part of the foreign policy of the United States, has been accepted by Augustana, Illinois and Monmouth colleges as the question of the triangular debate to be held in March. The subject in full: "Resolved, That the Monroe doctrine as developed and applied by the United States should be abandoned as a potent factor of our foreign policy."

This is the topic originally submitted by the board of debate of the local school, and the acquiescence of Illinois college clinched the question, although Monmouth, after considering three resolutions submitted, selected her own as most suitable. This was the question of training the citizenry in the art of modern warfare as a policy of the United States. Illinois suggested the question of municipal ownership of public utilities.

Work for the intercollegiate debate will now begin at Augustana in earnest. J. Clinton Searle again to coach the teams. Rules for the preliminary contest, to be held about two weeks after the Christmas holidays, were posted this morning, and this evening a meeting of those interested in the coming forensic contests was scheduled for 5 o'clock. Prospects for three teams of more than mediocre calibre are bright in that many of the seasoned warriors of words are again at August this year. Work for the Fresh-Soph debate with Bradley will be initiated soon.

HORST & STRIETER CO. DINES WORKERS

The initial meeting of the year of the Efficiency club of the Horst & Strieter club was held last evening at the Rock Island club, when all employees of the company were given a complimentary dinner at 6:30. J. I. Winchell of the sales force acted as toastmaster. The policy of the company was explained as that of maximum service to the buyer at a minimum cost. Similar meetings will be held every three weeks. Under this plan the company hopes to increase the efficiency of the force and give better service to the buyer.

SOCIAL AMBITION HIT BY LECTURER

G. A. Buschle in Address to Knights of Columbus Declares It Hurts Religious Life.

TRIALS OF CHURCH REVIEWED

Discusses Tribulations Through Which Institution Went in the Early Centuries.

"The Trials and Triumphs of the Early Church" was the theme of an interesting lecture which G. A. Buschle of this city gave last evening at the semi-monthly meeting of Allouez council, Knights of Columbus, in Columbus hall.

Mr. Buschle, who has made a deep study of the Catholic church, especially that period covering the first five years of its existence, gave a comprehensive review of the trials which that institution has faced in the past.

He discussed the various forms of what he called false doctrines, which had assailed the church in the early centuries, and gave a short sketch of those that led the movements and pioneers of the church who opposed them.

The speaker stated that it was his purpose in giving his address to create a general interest among the members of the church in its history, making the unique statement that prejudice against the church can be traced largely to lack of thorough knowledge of the doctrinal teachings and historical facts of the church on the part of many of its adherents.

Hits Social Ambition.

In closing Mr. Buschle, in attacking the desire of communicants to scale the social ladder to the detriment of their religious natures, quoted Cardinal Woolsey's famed admonition to Oliver Cromwell in "Henry VIII": "I charge thee, fling away ambition. By that sin fell the angels. How can man, then, the image of his Maker, hope to gain by it? Love thyself last. In thy right hand carry gentle peace, to silence erring tongues. Be just and fear not. Let all the ends thou aimest at be thy God's, thy country's, and truth's. Then, if thou fallest, O Cromwell, thou fallest a blessed martyr. O Cromwell, had I served my God with half the zeal I served my king, he would not now in mine age have left me naked to mine enemies."

To Have Socialists.

Plans were made at the meeting of the council for other speakers to address future gatherings. A number of social affairs are being planned and in January there will be a big class adoption with a banquet at the Rock Island house.

TEACHING CORPS TO BE INCREASED

Moline Board Anticipates Large Enrollment and Provides for Additional Instructors.

L. P. Nutting, principal of the Moline high school, has asked the board of education for two additional teachers. It is expected that 120 pupils from the eighth grade will be enrolled in the high school at the beginning of next semester.

Report of the teachers' committee, in which request for two more instructors is made, was adopted by the Moline board of education in session last evening. On recommendation of L. E. Mahoney, superintendent of schools, it was voted to give Miss Maude Medill, who is now a substitute teacher, a regular position.

Considerable time was given to discussion of a request from the Rock Island board that the Moline board send its apprentice carpenters to that city for instruction. Moline to pay for their tuition. Sense of the meeting seemed to be that if any apprentice carpenters of Moline apply for a course of instruction in that city, they would be taken care of either in the manual arts building or in the continuation school.

CIL STEAMER IS REPORTED SAFE IN PORT.

(Continued from Page One.)

original cable dispatch was filed at Rome at 7:45 p. m. Tuesday, the day the Standard Oil had been advised the Communipaw left Alexandria.

"I feel sure the Communipaw is safe," said Mr. Warden.

"But we are still puzzled as to what, if anything, has happened to the Petroli. We do not expect any word from her until she reaches Algiers."

Search For Survivors.

Rome, Dec. 7. (7:55 p. m. delayed.)—A search by two steamers, one a Greek and the other Italian, at the spot near Tobruk, Tripoli, where the American oil steamer Communipaw was sunk by a submarine, failed to reveal any sign of the tank ship or of survivors. These steamers were sent out as soon as word was received at Tobruk that a ship had been sunk.

Said He Saw Ship Sink.

The first report of the affair came from the captain of a steamer who said that while he was cruising near Tobruk he witnessed the sinking of an American steamer by a submarine. He thought the name of this steamer was the Columbia. Inquiries made later proved that the ship was the Communipaw.

Held Up By Italy.

The Communipaw was held up recently by the Italian government at Genoa but was allowed to sail for her destination on Dec. 2. Afterward she touched at Castellammare, near

Naples, proceeding eastward. The Communipaw had aboard 15,000 tons of oil and had been held up at Genoa to settle a question concerning 3,000 tons of this oil which the Italian authorities suspected might be contraband. The Communipaw was released after a satisfactory explanation had been received and the American embassy at Rome had made representations to the Italian government.

Orders to Chase Sub.

The British authorities have given orders that the squadron of warships at Malta and the Egyptian squadron give chase to the submarine reported to have sunk the Communipaw. Descriptions of this submarine thus far received indicate that she was of an unusually large size.

The activities of the submarine in the Mediterranean has caused inquiries to be made regarding the American schooner Albania, which sailed from Gallipoli on Friday with supplies for Albania. The schooner is reported to have reached an Albanian port. On board her were William H. Howard, an American, and Colonel Herbert, an Englishman who, having retired from active service in the army, is now occupied with relief work.

Officials in Suspense.

Washington, Dec. 8.—Conflicting dispatches from Rome and London as to the American tank steamer Communipaw, one reporting her sunk off Tobruk, Tripoli, the other announcing her arrival at Alexandria, Egypt, left officials here in suspense.

Official advices from Ambassador Page at Rome reporting that an American ship, "held to have been the Standard Oil tanker Communipaw" had been torpedoed and sunk, were received during the forenoon by the state department. Ambassador Page's source of information was not divulged by his message, but it was thought likely that he had received the same report as that transmitted in press dispatches last night from Rome and that the message received from him today might simply have been delayed in transit.

News From Rome Lacking.

No confirmation of the news dispatch from London sent after last night's press cablegram from Rome, reporting the Communipaw's safe arrival at Alexandria had been received by the department.

More details as to the Communipaw, as well as the Standard Oil tanker Petroli, reported attacked by a submarine in the Mediterranean last Sunday morning are being awaited. A full account of the attack on the Petroli might give the state department no basis for taking up the incident, if it were confirmed that the vessel fled after warning.

Await Details.

Consular and diplomatic agents of the United States in Europe, it was assumed, would cable additional details at the earliest possible moment, although they had not been requested to do so.

Tobruk is 350 miles or more, by direct sail from Alexandria. While the date of the reported attack on the Communipaw, which was said to have resulted in sending her to the bottom, was not given in Rome dispatches, it was pointed out that had the Communipaw left Alexandria immediately after her arrival, she would not have been able to reach Tobruk until late last night.

FERRY IS TO RESUME ITS REGULAR TRIPS

Captain M. L. Henderson has informed Mayor McConochie that he will reestablish ferry service between Rock Island and Davenport as soon as repairs are made upon the boat, now in winter quarters. Order that the ferry be kept running until ice made the stream impassable was voted by the city commission.

Captain Henderson called upon the mayor and explained the situation. He told the mayor that last year the boat was caught in the ice and the experience had taught him to be cautious, as he was able to get into winter harbor only with difficulty. He said that he had secured permission of Davenport authorities to discontinue the operation of the boat and that it needed repairs. He promised the mayor, however, that as soon as the repairs were completed he would resume the service between the two cities providing that the river was in a condition that he could do so with reasonable safety.

RETAIL TRADE IS GROWING BETTER

Moline Merchants Inform City Committee That November Was Profitable Period.

According to replies to letters inquiring as to business conditions sent out by the Greater Moline committee in adding the educational and research committee of the Associated Advertising Clubs of the World in its investigation of consumers' demands, retail trade in Moline during the month of November, ordinarily not a profitable period commercially, was on the boom. In practically every important line of retail trade in Moline investigations show a healthy increase in volume of business for last month over a corresponding period of the year before. Replies from merchants show that in some instances sales for November, 1915, ran 100 per cent better than in November, 1914.

Collections for the month of November were reported to be about normal, though one grocer replied that he had collected 65 per cent of accounts which were on his books in October.

All merchants who furnished information reported that prospects for an increase in business next year were good.

RABBI WISE WILL SPEAK IN MOLINE

Prominent Educator Will Address Members of After-Dinner Club at December Meeting.

Dr. Stephen S. Wise of New York will be the speaker at the meeting of the Moline After-Dinner club to be held Monday, Dec. 13, in the banquet room of the Moline Commercial club. Dr. Wise will speak on "Civic Religion." It is expected that the attendance will be unusually large. J. M. Dale, secretary, stated today that he believes that the attendance will reach 300. A number of requests for reservations have come from Davenport, Rock Island and other surrounding cities. Rabbi Wise is one of the most prominent educators, lecturers, and charity workers in the country, and his speech will no doubt be one of the best on the schedule this year.

MORE WHOLESALERS LICENSED BY CITY

Seven additional wholesale liquor dealers have been granted licenses since Dec. 1, when the ordinance giving the municipal commission power to regulate concerns in this business became effective. Following is the list:

Adelman Mercantile company, 2425 Third avenue.
H. L. Becker, 106 Sixteenth street.
Star Supply company, 104 Sixteenth street.
Des Moines Beer company, 1525 Second avenue.
A. Gettelman Brewing company, 2410 Third avenue.

The Henry Thode company, 1511 and 1513 Third avenue.
H. Riegel, 2223 Fourth avenue.
The Henry Thode company has been in business in Davenport for a number of years, but has vacated its quarters there for a location in Rock Island.

STREET CAR MEN ARE VOTING ON OFFICERS

The annual election of Street Railway Employees' division No. 313, is being held today. The East Moline barn polls were only open from 5 a. m. to 8 a. m., while the polls of the Rock Island barn opened at 9 a. m. and will close at 8 o'clock tonight. The Australian ballot system is being used. Members of the union are also voting on officers for the Illinois State Federation of Labor at the same time. James C. Kinsley is a candidate for member of the board of directors of the state body.

LICENSED TO WED

Robert K. Runner, Charles City, Ia. Miss Harriett V. Stratford, Evanston

The French government has been making inquiries in Japan relative to the possibility of borrowing a part of the Japanese gold now on deposit in Europe. Discussions are under way concerning the practical form of a loan.

All the news all the time—The Argus.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good homemade biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be made the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powder. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than with any other baking powder you ever used.

Include a can in your next grocery order, try some of the recipes that appear in this paper from time to time. Then you have gone far toward solving this vexing "Cost of Living" problem.
